Anna,

The current version is still the FOD (attached) from last year. The updated version has not been sent around, yet; or at least I do not have it. Based the last email from ORD, the next meeting (covering the updates and new chapters) should be coming up soon.

Thanks. Forgot about your earlier email

Remind me, is BEAD engaged on this? Seems like a lot of this might be in their lane since it seems to be more about landuse, etc...

Good morning Mark,

Please see the email I sent last month (attached). Seems like our reviewers (OPP) won't be needed again until Winter/Spring 2021.

Please let me know if you have further questions.

Kristy

I am a little behind on the Biofuels Report. Is there anything we need to discuss? I forget where they are in this step of the process.

Hi all,

I'm canceling today since we're in the process of getting the RtC3 ready for your review. I anticipate it'll be ready for your review in approximately 2-3 months. Many of the Chapters are ready, but there are a few that are not, so we need

a little more time to get them to a solid point to share the entire doc. I'll give you an update when I have a more solid date.

Thanks for your patience,

Chris
